

Lag B'Omer crafts

Create a camp fire handprint painting

- Use coloured paper or card for best effect
- Paint hand with yellow, orange and red paint in turn, printing the colour onto the paper, positioning the print a tiny bit lower each time
- Clean the hand between each colour.
- Allow to dry
- Paint brown logs at the bottom to finish off your campfire (older children)
- Do a family version with one 'flame' handprint for each family member or each, starting with the person with the biggest hand.

Colouring fun!
